A warm KTS welcome to three new students this week – Lucien (Room 1), Lucas and Claire (Room 2). It is nice to be in level 1 again so we can welcome parents on to the school grounds. I do want to thank you all for your cooperation over the last week or so. Let us hope we can get through to the end of term without any more interruptions.

Box Night magic

What a wonderful night our intermediate students had last Thursday! Setting up 'camp' in a box in this gorgeous glade in Pukekohe is something our year 7 & 8 students experience every two years. Our team did a wonderful job in organizing Box Night including a hangi, orienteering and star gazing. Then there was the whole sleeping in a box experience... Thank you so much to the staff and the parents who gave up their evening to help. Such a unique experience.

HAPPINESS DAY – Friday 19th March

The Multicultural Group is organising a celebration for World Happiness Day. Please come to school in your favourite colourful clothes on Friday – at no charge! Happy pixies will be visiting classes around the school and there will be a celebration at lunchtime in the hall with a dance party, face painting and games.

Walk to School Day – March 24

Auckland Transport is encouraging students to walk to school next Wednesday. The school council is setting up meeting points for three walking school buses for that morning, so that students can walk together. Locals can walk to the 'station' or if you live further away you can drive and meet us there. The buses will be led by members of the school council and a KTS staff member, however parents are encouraged to walk with their children. More details of times, stations and routes next week.

Thanks for your support – KTS School Council

Lockdown Trial this Thursday

We engage the services of an independent company, Harrison Tew[®], who specialise in emergency management planning for schools to guide the school in the event of a school lockdown. A number of our local schools also use this company, providing consistency of processes. The procedures developed by Harrison Tew allow us to respond safely and quickly to a range of circumstances.

After training with staff, and upskilling for students, we will be conducting a lockdown exercise under the guidance and support of Harrison Tew[®].

The exercise will be as real-life as possible, which will mean that parents/families will receive notification by way of text and/or email. The information passed on will emphasise that this is an exercise/practice and will refer you to the school website for updates.

Prior to this occurring, can I please remind all parents and caregivers to ensure your contact details (mobile phone numbers and email addresses) are current as this will be our communication with you, should an emergency occur at the school. Please go to HERO to check we have the correct information.

Payments/tax claim

As we approach the end of March, a reminder that all donations to the school are tax deductible. We are very appreciative of all those parents who have paid the activity costs for the year and also the suggested school donation. It really does help the school to support learning by funding our large number of teacher aides and those extras such as our maths extension programme. Please check the financial section in your HERO to see what has been paid.

Building Update

Our Year 3 classes were very excited to move back into their classrooms today. These rooms have been transformed over the last 10 weeks or so into this wonderful flexible learning space. A maker space/ learning withdrawal room has been established as a shared space in these rooms, as well as a big glass door to either open or separate rooms depending on the learning context.

The focus now moves to the Year 2 classes. This work starts on Wednesday. Room 4 has been able to move into Room 3 and Room 5 are moving to the hall. We are looking forward to the transformation of these rooms over the next 10 weeks. We are also going to be starting the renovation of the Intermediate bathrooms.

We get significant funding for the maintenance and development of the school every 5 years, so we will not be looking at any major works for another 4 years. We appreciate your understanding and flexibility as we redevelop our learning spaces.

Performance.Net – free drama classes

Performance.Net are giving each room a 30-minute taster of their drama classes on a Friday afternoon. Rooms 5, 6 and 7 enjoyed the class last week. The remaining classes will be timetabled for their session over the next four weeks. Please check out their flier at the bottom of this newsletter for information about the sessions they offer our students on either a Monday or a Friday afternoon.

Before-School Care

Kohia Kids Zone (our after-school programme) is going from strength to strength. The numbers attending are steadily increasing under Sarah's leadership. We are now in a position to consider a before-school programme if there are adequate numbers. Can you please complete this survey to let us know whether or not you require before-school care.
