School Pick Up	\$180.17
Drink bottles/glasses	\$43.48
Tea towels	\$43.48
TOTAL	\$4726.62

2. PTA Events 2022

Term 2

- Review
 - Uniform sale 11 May
 - Lots of stock left
 - May hold another sale for the newly enrolled students at the end of term.
 - Will try to have sales more regularly - in week 2 or 3 of each term. Then we can avoid the need to field individual requests.
 - Samosa sale
 - Samosas were popular - good feedback with some saying they would order more next time.
 - An easy fundraiser to do again - end of term 2.
 - Get order forms out early and encourage people to sell to friends, family, workmates etc.

- Kohia Quiztacular review

Positives	To improve	Other comments
Lots of great comments Erica did the questions - awesome effort Laura a whiz on the tech side and the additional info Great prizes - thank you Tina Nygel and Lisa as hosts - great job Support from the staff on the night Great family activity	List was hard to manage in a ZOOM context	Do we want to do it again? A lot of work for only 40 families, but worth it for the connections. Doing it again would be easier now it has been done once, but it may have just been a good one-off in the Covid era.

- Upcoming (Alison and Becca to lock in some dates)
 - Ice cream sale - probably last day of term
 - Pie day

Discussion: How do we engage our community more?

Are people wanting to attend big events at the moment? Yes, more people are getting back into things - craving normality, ready to socialise again. Just need to plan for disruptions. Alison to have follow-up discussions, will report back.

Later in the year

- *Bingo night* (alternative to Parent Trivia Night) - could be more inclusive and more social. Good to try something different. Black Tie? Fancy dress? Would be good to dress up and to incorporate teams/tables. Raffles, prizes.
 - Sub-committee (Aisling, Stefanie, Meika, Erica?, Sarah? Sarah?) - Tina to touch base and confirm
 - Becca and Alison to look at dates (August?)

- *Music concert* by students - planning underway for later in the year.

- *Kings seeds fundraiser* - \$1-1.50 profit per packet of seeds sold.

Stretch out the idea to get kids planting and growing - competitions for biggest pumpkin/sunflower etc. Lisa is awaiting more info mid-July from Kings.

- *Art Calendars* (as usual) - combined with art mugs
- *International Night* - make a bit bigger, and make fundraising a focus.

Intermediate Market day was very successful, we could recreate that and incorporate it into the International Night. Students plan stalls and make items to sell, e.g. bath bombs, Christmas decorations etc.

Families buy tokens in advance, to save individual stalls handling money.

Food stalls - Alison to look at restrictions around food prep. People are hesitant around food sharing at the moment
